

# HP2 PRODUCTS & PROMOTIONS

## Online Stores

At HP2, we specialize in creating tailor-made online stores that meet the needs of schools, staff, and customers alike. Whether you are outfitting your team with branded uniforms, offering custom school merchandise, or launching stylish designs for your customer base, we've got you covered.

What are the benefits of an online store?

- Store link and flyer provided with QR codes for easy access and promotion of your store.
- Fundraising capabilities
- All items are mocked up in the store so you can easily see any item with your logo/art on it.
- Secure payment options so you aren't stuck with the accounting.
- Orders delivered to your school/office or directly to the customer. Items are individually bagged with a receipt for easy distribution.

Ready to get started? Let us build the perfect online store that connects your community with the gear they need!
